MagnoCare

Magnesium Sulfate 33% Wet Dressing

MagnoCare is a wet dressing containing high concentration of magnesium salts.

MagnoCare creates an osmotic gradient, which reduces swollen or edematous tissue, while calming and soothing the affected area by reducing the pressure and the pain.

For use on swollen or edematous areas to relieve discomfort after injury, sprain, fracture, stitches after birth and hemorrhoids.

Instructions: Remove the wipe from its sachet and apply it to the affected area for 20-30 minutes. Keep product in refrigeration prior to its use.

Precautions: Avoid contact with eyes. Keep product out of reach of children.
